

Simple to use. Simple to manage. Simple to transfer care to professionals. LIFEPAK CR Plus Defibrillator is effective in saving the life of a victim of sudden cardiac arrest.

Featuring the same advanced technology trusted by emergency medical professionals - yet simple to use - the LIFEPAK CR PLUS is designed specifically for the first person to respond to a victim of sudden cardiac arrest (SCA).

Key Features:

- Fully automatic configuration allows user to focus on patient
- Clear, calm voice guides user one step at a time
- Highly visible readiness indicator
- Infant/Child Electrode capability
- Industry-leading 360 joules capability
- Lightweight, compact and durable
- Simplified maintenance
- Compatible with ambulance and hospital technology
- Soft carry case and extra set of electrodes included
- 8 years warranty

Make Lifesaving Simple

Unlike AEDs with complex prompts and limited energy for defibrillation, the fully automatic LIFEPAK CR Plus AED combines an easy two-step operation, just the right level of guidance, and the unique capability to escalate to 360 joules when needed.

The LIFEPAK CR Plus AED is easy for you to use and manage. The battery charger and electrodes have a synchronized replacement cycle that makes your maintenance program efficient and affordable. Of course, you hope the LIFEPAK CR Plus AED will never be needed in a lifesaving situation, but when it is, you can be confident that your staff is as ready as the AED.

Key Benefits:

Simple to Use

- Simple to turn on
- Simple to find, remove and place electrodes correctly
- Simple to deliver therapy no shock button to push
- Simple to increase the chance for survival by automatically escalating energy up to 360 joules if needed

Simple to Own

- The CR Plus comes ready to use: Initial purchase includes carry case, extra electrodes, CHARGE-PAK™ battery charger and Ambu® Res-Cue Mask Kit
- Lowest total cost of ongoing ownership in the AED industry
- Simple transition to ambulances who also use LIFEPAK products

Simple to Maintain

- One of the longest warranties in the industry at 8 years
- Synchronized CHARGE-PAK battery charger and electrode replacement cycle

Simply Put...

- The LIFEPAK CR Plus automated external defibrillator from Physio-Control is the effective, safe and affordable choice.
